HA-6400
Côr™ Home Automation
Disable Diagnostic Report

Technical Supplement

Subject: This will disable the Diagnostic report from being sent to any email address. The Diagnostic report will list abnormal system performances i.e. Path Failures, Low battery, AC Fail, etc.

NOTE: This programming is done in the **Advanced** programming options. This option works in firmware .11 and above.
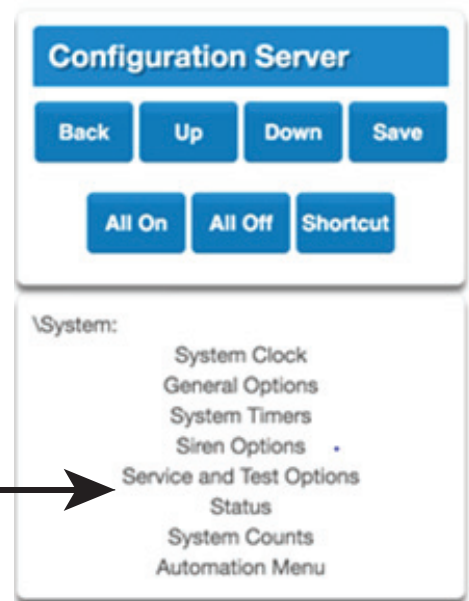

Step 1

Under **Advanced** Programming Options, select **System**

Step 2
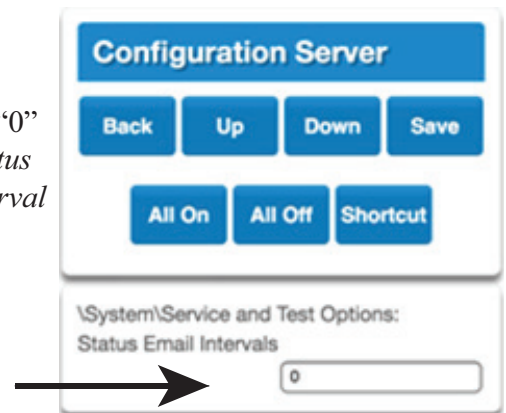

Select the **Service and Test Options**

Step 3

Select the **Status Email Intervals**

Step 4

Enter in a "0" for the *Status Email Interval*
