

Product Specifications

Application

Replacement Head for V Series Zone Valve

Used With

Two-way valves; Valves with Action of Spring return to close

Frequency

50 Hz; 60 Hz

Voltage

24 Vac

Ambient Temperature Range (F)

125 F Maximum

Ambient Temperature Range (C)

52 C Maximum

Auxiliary Switch Ratings

4.4 A running @ 120 V; 50 VA pilot duty @ 24 V

Electrical Connections (in.)

screw terminal block on same side of manual lever

Electrical Connections (mm)

screw terminal block on same side of manual lever

Valve Type

Zone Valve
